

Project

This activity should be carried out and assessed by the Academic Committee prior to submission of the doctoral thesis. The aim is to externally assess the maturity of the doctoral student:

- ✓ A **prospective** research project, planned for 3 years, not related to the thesis subject. If related, it should cover new aspects and aims.
- ✓ Presented at least 2 months before depositing the PhD thesis
- ✓ Written in English, with a maximum of 3 pages including figures, tables and references. Line space 1.5, font size minimum 11
- ✓ Oral presentation in English, maximum 10 minutes, followed by questions by the committee (2 members)
- ✓ Grading: Excellent, Good, Sufficient, Fail

The grading will be taken into account in the prioritization of candidates to be awarded the Doctorate Prize.
